

American Society of Safety Engineers

October 2005

West Michigan Chapter ASSE

October Meeting

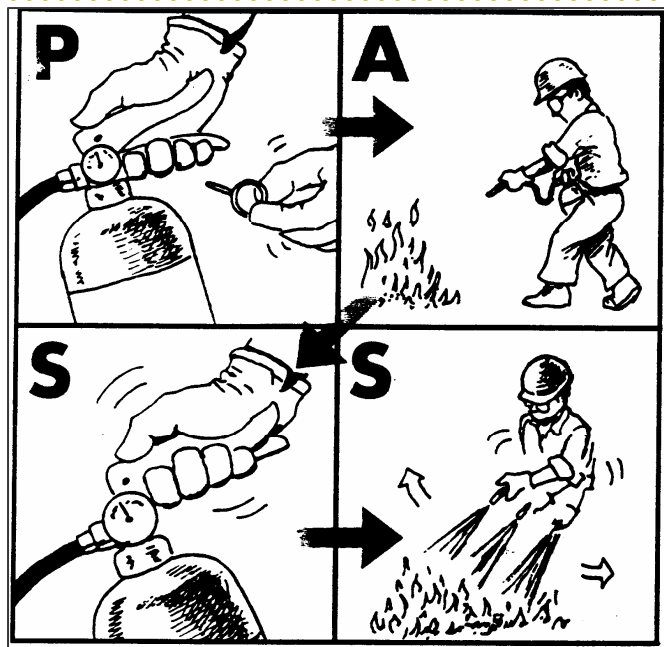

If you have not had the chance to partake in the exciting venue of fire extinguisher training, this is a perfect opportunity to do so. This month's meeting will take place on October 20th at the City of Wyoming BPW.

The address for the site is 2660 Burlingame, Wyoming, MI, with a cost of \$10:00 for members; \$5.00 for students, \$5.00 FOR retired or out of work.

The class will encompass a review of extinguishers, followed by a practical "train the trainer" demonstration for all that attend. Breakfast will be provided.

Please RSVP ASAP to Clara Davis (Devries). ASAP We are looking to have a tentative headcount by Monday.

The presenter for this event will be John Lewandowski from Approved Fire Protection.

EDITORS NOTE

I have been on travel for my company in support of the Hurricane cleanup in Southern Louisiana, and not been able to put as much effort as I would like into this month's edition. However, I will be sending a complete edition out for next month, so look for it in the next 10 days or so. In addition to the topics I intended to cover for this issue, I will be including a briefing on safety and hurricane cleanups from a first hand perspective. Thanks for your patientce, and please accept my apologizes for the abbreviated version.

Meetings with MIHS Friends
