Greetings -

I am a graduate student in the Department of Industrial Engineering at Auburn University. I would like to invite you to participate in our research study to evaluate the effect of the use of symbols on GHS format product labels. You may participate if you are age 18 and older and by education, training, or work experience would have a high awareness of hazard communication.

As a participant, you will be asked to respond to an electronic survey. It should take one hour to complete the entire process.

If you would like to participate in this research study, please click on the link below or copy and paste the link into an internet browser.

If you would like to know more information about this study, an information letter can be obtained by sending an e-mail to boelhej@auburn.edu. If you decide to participate after reading the letter, you may use the link above to link to the survey.

If you have any questions not addressed in this note or the information letter, you may contact Eric at (504) 606-9460 or his academic advisor, Dr. Jerry Davis, at (334) 844-1411.

Thank you for your consideration,

Eric Boelhouwer, MISE, MBA, ASP, AHFP
